DISTRIBUTION & MARKETING:

- The Association works continually to preserve and protect the insurance benefits and financial viability of the Petroleum Tank Release Compensation Fund. It also protected against efforts for privatization, and resisted more stringent requirements on marketers.
- Defeated a “price gouging” bill that would have exposed retailers to outrageous fines and undue prosecution.
- Defeated a bill that would have allowed designated urban transportation districts to propose local option fuel taxes.
- Ensured passage of a bill that revised a Supreme Court decision that allows private citizens experiencing contamination on their property to sue an entity for “restoration” damages in addition to compensatory & punitive damages. SB427 exempts most petroleum storage tanks from these types of damage awards.
- Successfully amended rules from the Department of Environmental Quality that would have required tank owners to maintain release detection records for three years – amended to one year.

RETAIL: MPMCSA SAVED YOU MONEY!!

- Prevented a bill from passing that would have allowed individual counties to set food purveyor license fees by rule.
- Defeated a bill that would have increased the tax on non-cigarette tobacco products by 125%.
- Defeated a bill that would have prohibited the sale of any “flavored” tobacco products.
- Successfully joined with other marketing associations around the country to oppose a motion by the *National Conference of Weights & Measures* to require automatic temperature correction (ATC) at the retail pump.

Notices and legislative bulletins are faxed when needed by the Executive Director. In addition, WPMA publishes weekly *Updates* and the quarterly *WPM News* magazine. PMAA, the national association, also produces a quarterly magazine and provides current updates to the state office. As a member of MPMCSA you can access these publications at no charge.

NETWORKING

MPMCSA holds functions throughout the year such as golf tournaments and legislative meetings to allow members the opportunity to network with each other and stay current on hot issues and topics affecting marketers and the business community. A yearly convention provides workshops and a trade show with current technologies and ideas to help increase profits.

WPMA SCHOLARSHIPS

The children of full-time employees of a MPMCSA company may apply for a scholarship through WPMA. The program is intended to help these children receive

a higher education, and may be used for either a college/university or a vocational/technical school. The scholarship program is supported by the WPMA Scholarship Foundation. Donations to the Foundation can provide tax benefits for MPMCSA members. One scholarship per year is also offered to the son or daughter of an associate member of WPMA.
