The May 2017 Big Dogs Shootout will celebrate the Association's 40th year of service to our members and the wholesale and retail petroleum industry in Nevada. Our dinner for this celebration will be held at the Mob Museum in downtown Las Vegas. We will be selecting a new golf course to challenge our participants. The Mob Museum is one of the newest and coolest attractions in Las Vegas, and NPM will get the VIP treatment. Details to follow.

As I write this, it is Election Day plus 1...What is most important to Nevada petroleum marketers and C-Store owners is the Democrat majority in both the state Senate and Assembly. When you read this, party leadership will have been determined and we will know who the Assembly speaker, majority and minority leaders are. The Senate will simply swap positions; Senator Ford will become the majority leader and Michael Roberson will become the minority leader. The key to our legislative success will be who the Democrats select as committee chairs of transportation, natural resources, commerce and labor. Once we know who these individuals are, we will meet with them so that they can be acquainted with our issues and concerns.
