\$4,000 Nevada/WPMA Scholarship

If you know a high school senior heading to college or a trade school, why not have them compete for this scholarship. The deadline is **March 1, 2023**. Go to www.wpma.com/scholarship for all the details you will need to apply.

Marketers Engage — Mid-Term Elections

Recognizing the importance of last month's general elections, members engaged in the political process with energy not seen in many years. Members attended candidate fundraisers and contributed to campaigns in record numbers. The stakes in Nevada couldn't be higher, with one US Senate seat and the Governorship up for grabs. Not only did last month's election decide control of the US Senate and House, but Nevada's state senate as well. Here are the key results:

- US Senate:** Catherine Cortez Masto (D)
- Governor:** Joe Lombardo (R)
- Attorney General:** Aaron Ford (D)
- State Senate Seats:** Democrat -13
Republican -8 (R lost 1)
- State Assembly Seats:** Democrat -28
Republican -14 (R lost 2)

E15 regulations were approved and are effective January 1, 2023. Nevada's E15 regulations mirror the federal rules on labeling, signage, and transportation manifests. If you would like a copy of the Nevada E15 regulations please contact peter@fuelingnevada.com.

Tobacco - Electronic Age Verification is required for all tobacco sales effective January 1, 2023. **Are you ready?** The law requires all retailers selling tobacco products to verify that the customer is age 21 or older before the sale can be made. How do you do this? By swiping the barcode on the back of the customer's driver's license or identification card. Please check with your POS provider such as Verifone to insure you POS is compatible. **A free no cost to retailers** electronic age verification system developed by NACS/Conexus is TruAge. For more information go to convenience.org/TrueAge/Home.
